

Data Protection Policy

The Data Protection Policy

South Tarrant Valley Parish Council (the Council) recognises its responsibility to comply with the General Data Protection Regulations (GDPR) 2018 which regulates the use of personal data. This does not have to be sensitive data; it can be as little as a name and address.

General Data Protection Regulations (GDPR)

The GDPR sets out high standards for the handling of personal information and protecting individuals' rights for privacy. It also regulates how personal information can be collected, handled and used. The GDPR applies to anyone holding personal information about people, electronically or on paper. The Council has also notified the Information Commissioner that it holds personal data about individuals.

When dealing with personal data, Council members and staff must ensure that:

- **Data is processed fairly, lawfully and in a transparent manner**

This means that personal information should only be collected from individuals if members and staff have been open and honest about why they want the personal information.

- **Data is processed for specified purposes only**

This means that data is collected for specific, explicit and legitimate purposes only.

- **Data is relevant to what it is needed for**

Data will be monitored so that too much or too little is not kept; only data that is needed should be held.

- **Data is accurate and kept up to date and is not kept longer than it is needed**

Personal data should be accurate, if it is not it should be corrected. Data no longer needed will be shredded or securely disposed of.

- **Data is processed in accordance with the rights of individuals**

Individuals must be informed, upon request, of all the personal information held about them.

- **Data is kept securely**

There should be protection against unauthorised or unlawful processing and against accidental loss, destruction or damage.

Once data is not needed any more, is out of date or has served its use and falls outside the minimum retention time it will be shredded or securely deleted from the computer.

South Tarrant Valley Parish Council is aware that people have the right to access any personal information that is held about them. Subject Access Requests (SARs) must be submitted in writing. If a person requests to see any data that is being held about them, the SAR response must detail:

If a SAR includes personal data of another individual or individuals, the Council must not disclose the personal information of the other individual(s). The personal information of the other individual or individuals may be redacted, or the individual(s) may be contacted to give permission for the information to be shared with the Subject.
